

AIRSTREAM®

About **AIRSTREAM®**

Exacting craftsmanship. Uncompromising attention to detail. Limitless inspiration for adventure.

There is no denying that Airstream is the world's most iconic travel trailer for a reason. Durable, reliable, and built upon nearly 90 years of innovation, Airstream travel trailers helped write the American travel story. We've crisscrossed the globe, parked at the foot of the Pyramids, explored the National Parks, and camped for the weekend down the road.

Proudly built by hand in Jackson Center, Ohio, USA by hundreds of talented craftspeople, each Airstream travel trailer takes approximately 350 hours to build. Form and function are tightly woven into every thoughtfully-planned inch, and every design is carefully considered. The result is a travel trailer that will last a lifetime – or more.

While we manufacture every Airstream from the wheels up, we like to say that we don't actually build travel trailers. Instead, we build someone's retirement, their well-deserved vacation, or their retreat from a hectic day.

In other words: Airstream builds dreams come true.

About REI Co-op Special Edition

The REI Co-op Special Edition is adventure-ready, inside and out. It's focused on more sustainable features and materials that inspire explorers to discover ways to camp beyond the traditional definition. Equipped with rugged components, exclusive upgrades, and a vast collection of REI Co-op kit items, this Basecamp provides all of the functional and beautiful design details that empower adventurers to get out and roam. Airstream lets you adventure in style and REI Co-op gears you up for active days and starry nights.

1

Rear Hatch

From kayaks to bicycles to fishing gear and more, Basecamp's design provides plenty of room to load and unload large gear through the 26" x 46" rear hatch.

2

More Gear

The included REI Co-op Pack-Away Cubes fit perfectly in the overhead storage racks and make it easy to get up and go.

3 Pop-up Charging

Two pop-up charging stations in the kitchen have USB ports and 110V outlets so you can charge all your devices.

4 Kitchen Sink

An Epicurean sink cover perfectly fits on the deep, round stainless steel sink and doubles as a cutting board.

5 Two-Burner Stovetop

Whip up a hearty meal to refuel after the day's activities. A tempered glass cover keeps the counter sleek and open for more working space.

6 Microwave & Refrigerator

There's a fully electric refrigerator and optional microwave, as well as storage spaces for dishes, groceries, and spices.

7 Bench Storage

The table legs have dedicated space inside the bench, and there's plenty of room for your gear. Plus, there's a cubby accessible from the rear hatch.

8 Lockable Storage

Inside the entry door end cabinet you'll find USB ports and smart storage areas that are all protected with a lock.

EXPLORE REMOTE LOCATIONS

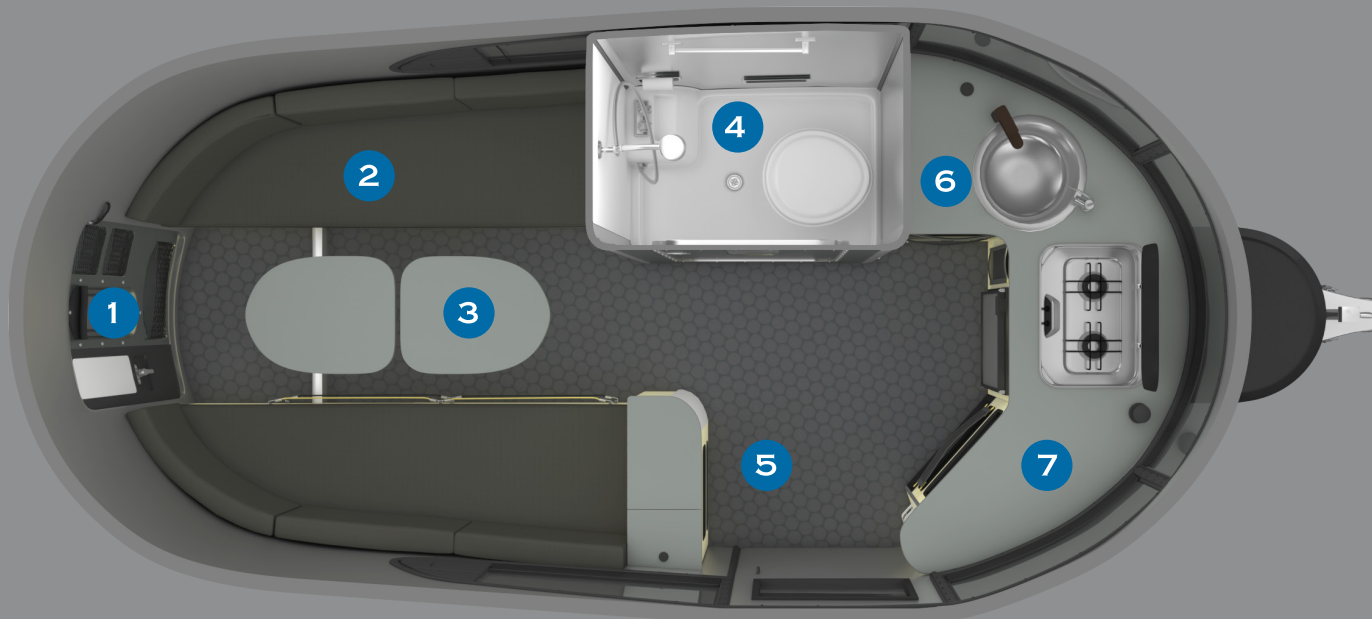

The REI Co-op Special Edition Basecamp stays true to the roots of Airstream founder Wally Byam's Credo, which aims "To provide a more satisfying, meaningful way of travel that offers complete independence." With a base weight of just 2,700 pounds and maximum trailer capacity (GVWR) of 3,500 pounds, the REI Special Edition is towable with a variety of small and mid-sized SUVs and

crossovers. Equipped with every necessity and many luxuries in one organized, uncomplicated design package, the nimble Basecamp makes remote locations even more accessible. So go ahead: Set your GPS, load up your REI Co-op kit, and hit the road. It's just that easy.

- 1 Rear Hatch Door**
Load up your gear and go with the large rear hatch door.
- 2 Knoll Fabric**
The soft upholstery is 50% post-consumer recycled polyester, Greenguard certified, and includes a stain repellent finish for lasting durability.
- 3 Convertible Living**
Two benches and tabletops convert into various configurations to create the perfect space for lounging, eating, and sleeping.

- 4 Full Wet Bath**
The bathroom houses the shower and toilet (optional composting*) in the same waterproof area which also features a shower head passthrough.
- 5 Durable Flooring**
Seamless, raised coin flooring sits atop a composite sub-floor to create a rugged and long lasting combination.

- 6 Drinking Water Filtration**
An advanced UV-LED and pre-filter water purification system provides drinking water directly from the fresh water tank after being filled from a potable source.
- 7 Functional and Beautiful Galley**
A multi-layered green slate countertop spans the front with exposed birch plywood and fasteners below. Includes large storage spaces, kitchen appliances, and charging ports.

**Pending Certification*

A WHOLE NEW SHAPE

Aerodynamic Body. Panoramic Views.

Basecamp is made of the same riveted aluminum superstructure as our traditional travel trailers, yet it introduces a new shape to the family. Its aerodynamic body and roof profile slip through the air on the open road and help increase fuel efficiency. And the panoramic front windows let you take in the world around you – the whole reason you head out to explore in the first place.

With Purpose. Without Compromise.

Basecamp is designed to be smaller, lighter, and have more ground clearance, and it's a breeze getting into tight spaces. There's more than enough room to take all your gear along with you. The show-stealer is the rear hatch, which lets you load your bike, kayak, paddleboard, and other large gear, easily. No matter where you're headed, Basecamp is ready.

1

Recirculating Water Heater

Conserve your precious fresh tank by getting hot water delivered instantly to the shower and kitchen sink.

2

Tow In More Places

The aggressive departure angle and off-road wheels help you tackle more roads with confidence.

3

Air Conditioning

When you're setting up camp somewhere hot, the optional air conditioning with two-speed fan will keep you cool.

4

Aluminum Black Wheels

Stylized aluminum black wheels with chrome detailing sets this Special Edition apart from the rest of the pack.

5

Enhanced & Sleek Solar Power

Add 200w of flat, flexible solar power or upgrade to 360w with a 200Ah lithium battery bank.

6

X-Package Included

The 3" lift kit, off-road tires with stylized wheels, stainless steel stone guards, and front window solar protection comes standard.

7

Touches of New Spruce

The color most commonly associated with REI, this green visual can be found on the LP shroud, the rear door jamb and trim, and the model badge.

8

Easy to Tow

The Basecamp is compact and easily towable with a variety of mid-size SUVs or any truck.

Easily Converts from Benches to Beds

When you're ready to get some rest, the benches become a bed for two that covers the whole back of the trailer. If you want some sleeping space but also need room to get ready, you can convert only one bench into a bed and leave the other as seating space.

You can keep the aisle open for gear or walking space, or set up two swiveling, easily-stowed tables for working or eating space. Then, when it's time to go to bed, the tables double as support for the cushions when you convert the space into a bed. The setup is flexible enough to let you choose the full or half-bed position, where one bench remains open for storage and seating.

See It In 3D

Explore every inch inside and out of the REI Special Edition Basecamp with the 3D model. Spin around the exterior, zoom through the inside to see the attention to detail, and even open the doors to let the breeze flow through.

airstream.com/REI-3D

The REI Co-op Kit

Outfitted with a 25-piece REI Co-op product kit, you can be sure that you're always ready for an adventure. The kit includes REI Co-op brand and partner products, like two Flexlite Camp Dreamer Chairs, Campwell picnic table and bench covers, kitchen utensils from OXO, towels, mugs, a rechargeable lantern, various sizes of Pack-Away Cubes, a Camp Roll Table, and many, many more items. Best of all, the REI Co-op Kit fits perfectly inside the Basecamp and has dedicated storage as part of the design.

Solar Panels

Stay off grid even longer by opting for the exclusive 360 watt solar power upgrade that covers the roof with flat, adhesive panels. This upgrade also includes a 200Ah lithium battery bank powered by high performance Battle Born batteries.

Water Filtration

With the pre-filter and advanced UV-LED Smart Drinking Faucet, you can effectively reduce bacteria and microorganisms to properly disinfect the potable water from your 21 gallon onboard tank. Bring your own container or use the included REI cups instead of relying on single-use plastics.

Composting Toilet

Eliminate the need for flushing, use significantly less potable water while traveling, and prolong the use of the 24 gallon combination holding tank. **Pending Certification*
