

Flying Cloud.

 **AIRSTREAM**

About **AIRSTREAM®**

Exacting craftsmanship. Uncompromising attention to detail. Limitless inspiration for adventure.

There is no denying that Airstream is the world's most iconic travel trailer for a reason. Durable, reliable, and built upon nearly 90 years of innovation, Airstream travel trailers helped write the American travel story. We've crisscrossed the globe, parked at the foot of the Pyramids, explored the National Parks, and camped for the weekend down the road.

Proudly built by hand in Jackson Center, Ohio, USA by hundreds of talented craftspeople, each Airstream travel trailer takes approximately 350 hours to build. Form and function are tightly woven into every thoughtfully-planned inch, and every design is carefully considered. The result is a travel trailer that will last a lifetime – or more.

While we manufacture every Airstream from the wheels up, we like to say that we don't actually build travel trailers. Instead, we build someone's retirement, their well-deserved vacation, or their retreat from a hectic day.

In other words: Airstream builds dreams come true.

About Flying Cloud

Our most versatile Airstream travel trailer is also our most popular and family-friendly. With more floor plan configurations than any other Airstream, Flying Cloud gives you the freedom to invest in features you want and get the most out of your travel experiences. Plus, the neutral color palette of Flying Cloud's décor allows for great flexibility, so you can accessorize to match your personal style. Whether it's additional storage, specific sleeping arrangements, or more lounge space for entertaining guests, the ultra-practical Flying Cloud is a canvas waiting to be painted with your personal touch.

1 Well-designed Bathroom

Porcelain toilet, towel rack, retractable clothes line, and removable shower head are just a few of the small features with a big impact.

2 Spacious Galley

Preparing meals will be a breeze in the Flying Cloud's spacious galley where you will find modern appliances and fixtures you would expect in a residential kitchen.

3 Memory Foam Mattress

Each bed features a pillow top memory foam mattress for a great night's sleep in between adventures.

4 Handcrafted Cabinetry

Each cabinet is made of high-quality materials that stand the test of time while keeping your travel trailer light on its feet.

5 Generous Storage

Flying Cloud's clean wood look gives you plenty of places to keep things out of sight, including roomy cabinets, pull-out pantries, and lots of smart little nooks.

6 Optional Powered Desk

An integrated workspace option offers a powered sit/stand desk, electrical outlets, and comfortable chair (25FB/27FB).

7 Dinette Conversion

When positioned as a table and seating, the dinette has plenty of room for four people to comfortably eat and socialize, with additional lounging area along the side. And when extra sleeping space is needed, the dinette converts easily into a bed.

8 Ultraleather® Seating

Flying Cloud's seating is designed for dynamic living. Stain repellency and cleanability are key in fabrics designed to keep up with the busiest families.

SILVER LINING

Every Flying Cloud has a silver lining. Yes, literally, a silver lining. Almost every interior wall surface is covered in aluminum, giving the living space a clean and sophisticated appearance. The appliances and sinks are stainless, and

even the lights are trimmed in aluminum, providing the perfect combination of silver and style. When you love the look of the iconic Airstream as much as we do, you want the same feeling on the inside that you get on the outside.

1

Three-burner Gas Stove

Three-burner gas stove, with a tempered glass cover that folds down for more working space.

2

Moen® Faucets

Sleek Moen faucets bring the modern design and convenience you love at home along for the journey.

3

Entertainment

Enjoy a cozy evening watching your favorite movies or listening to your favorite album, enveloped in the well-balanced sound of a premium JL® Audio sound system.

4

Roller Blinds & Blackout Curtains

Blinds throughout the travel trailer easily roll open or closed, while blackout curtains in the front and back provide complete privacy.

5

Premium Appliances

Baraldi cooking vent, microwave, and a large square sink make cooking not just easy, but enjoyable.

6

Spacious Storage

A deep closet provides plenty of space for hanging clothes while other storage compartments throughout the travel trailer accommodate those inevitable last minute items.

TRAVEL WITH KIDS

The best education, the best memories, and the best laughs are often found traveling in an Airstream as a family. With an Airstream you can make frequent stops, avoid airplane meltdowns, and turn travel into part of the fun. And, everywhere you park, you have an instant outdoor playground. Airstream offers several bunk options that are versatile, family-friendly, and tailored to a lifestyle where flexibility and comfort is key. Choose between

ten different bunk configurations, each with their own benefits. And there's enough separation between sleeping spaces so the adults have some privacy – while remaining close enough to make sure little ones aren't getting into too much mischief. With plenty of storage, the Flying Cloud holds lots of stuff – including, most importantly, a lifetime of travel memories and experiences.

1

Rear-view Monitoring

A rear-view camera is mounted to the back of the travel trailer to make reversing and parking so much easier.

2

Pre-wired for Solar

Seamlessly add solar panels and monitor them inside the travel trailer.

3

Climate Control

Equipped with efficient, QuietStream™ AC system with a heat pump and an electronic thermostat, plus a gas furnace and onboard water heater.

4

Dual Axle

Flying Cloud has two axles, and is built for ease of towing.

5

Zip Dee® Awning with Sunbrella® Fabric

Front awning provides shaded outdoor space, and the optional Zip Dee® matching window awnings keep the interior cool and private.

6

Rear Bumper Storage

Polished bumper with storage to hold tools and accessories for easy set up.

7

Exterior Low Pressure Gas Grill Connection

Our low pressure grill connection is made specifically for ease of use with compatible Airstream Weber® Grill.

8

Panoramic Windows

Front panoramic windows are protected by three rock guard pieces. Each is built to swing away from windows for easy cleaning.

9

Front Stone Guards

Stainless steel stone guards mounted on the front of the travel trailer protect the lower segments from road debris.
