

AIRSTREAM®

Atlas Comparison Guide

THE AIRSTREAM

Atlas Touring Coach

Airstream's most luxurious touring coach to date, Atlas is a handcrafted motorized recreational vehicle unlike any other. Built on the legendary power and performance of the Mercedes-Benz® Sprinter chassis and outfitted inside with Airstream's time-tested craftsmanship, Atlas is richly appointed with features, amenities, and material choices that set a new standard for the well-traveled life.

 Seats up to 4

 4,000 lbs Towing Capacity

AIRSTREAM ATLAS

Industry Comparison

If you're shopping for a new motorhome, you know that there are a myriad of options on the market. But if you want an automotive driving experience paired with all the luxurious comforts of home, there's no comparison. Without the typical over-the-cab bed area and the bulk of a Class C RV, Atlas's interior amenities and hand-crafted exterior mean we affectionately refer to it as a "Class B+."

But the truth of the matter is that Atlas is in a Class all its own.

Features	Airstream Atlas	Industry Standard

Our High Standards are Not Optional

Many RV manufacturers offer a long list of optional add-on features. But Airstream makes it easy by including a wide variety of those features and amenities as standard on Atlas – not optional like you find elsewhere. Hit the road with Air Ride Suspension, hydraulic leveling jacks, 400 Watts of roof-mounted solar panels, and more that comes standard. With Atlas, you'll Roll with the Best® from the moment you climb into the driver's seat.

RELAX, RECHARGE, AND RECONNECT

Multiplex Controls:

Extend the awning, adjust the sofa, open the sunroof, and more via touchscreen

Powered Slide Out:

Atlas features Airstream's only slide out, with a Murphy Suite that expands the interior living space

Three-Piece Bathroom:

Atlas's bathroom spans the entire rear of the living space, with dedicated shower, porcelain toilet, and vanity with storage

Comfortable & Connected

Best-in-Class Features

Relax and soak in the luxury of the Atlas experience, where comfort, control, and connectivity let you focus on the journey ahead. Control the A/C and vent fans, retract or lower the shades, and marvel at the flatscreen TV that rises out of a cabinet compartment – all controlled via a touchscreen multiplex interface. After a day of outdoor adventures, relax, refresh, and recharge in the expansive Atlas bathroom that spans the entire rear of the coach, and then lower the Murphy Bed to create a luxurious sleeping space. And even while you journey to escape the bustle of modern life, you can stay connected to friends, family, and colleagues with a Starlink In-Motion Roam Antennae that comes standard (subscription service required for use).

Add the E1 Power Package

Head off-grid with a massive 12,000 Watt-hour battery and 3,200-Watt inverter that lets you run all systems – including the air conditioner and microwave – even when far from shore power.

BEST-IN-CLASS FEATURES

Automotive Styling and Drivability

Let's face it: Most motorhomes look like RVs, with graphics, visible exterior components, and an overwhelming feeling of sameness. But not Atlas, with its hand-made exterior that's built, assembled, and finished in-house. Expert automotive bodywork and 15 coats of cut-and-buff paint and finish give Atlas a seamless automotive exterior that no other brand can match. A powerful Mercedes-Benz 4500 chassis delivers power, performance, and almost 2,000 pounds of carrying capacity. And we select every available safety and driving convenience feature offered by our partners at Mercedes-Benz and add Air Ride suspension as a standard feature for an exceptional driving experience you won't find elsewhere.

SAFETY, COMFORT, AND STYLE

Hydraulic Leveling Jacks:

Enjoy stability wherever you set up for the weekend

Triple Chrome

Finish Wheels:

An upgrade elsewhere is standard in Atlas

Digital Rearview Mirror:

Excellent situational awareness while behind the wheel

BEST-IN-CLASS FEATURES

Premium Materials and Finishes

Why settle for a beach house, secluded resort, or mountain cabin when you can take your luxury accommodations with you wherever you go? For more than 90 years, Airstream has been driven by attention to detail and an exacting design process that favors the very best materials, finishes, and fabrics we can source. That means luxurious woven vinyl flooring that's soft under foot, solid surface countertops, solid lite-ply cabinetry, and soft-close hardware that keeps everything organized and secure in transit. And extensive use of aluminum throughout the interior adds that shiny Airstream mystique. Step inside an Atlas and you'll see for yourself – there's no other motorhome like it.

LUXURY
STYLE NO
MATTER
WHERE
YOU GO

ICONIC RECREATIONAL VEHICLES

Why Airstream?

Wally Byam founded Airstream in 1931 with the promise of only improving his products and never making changes simply for the sake of change. More than 90 years later, we're still guided by that philosophy in manufacturing the very best motorized RVs on the road. Our handmade, quality craftsmanship results in RVs that hold their value, and a 3-year, 36,000 Mile Manufacturer Warranty coupled with our nationwide dealer network means traveling with confidence no matter where you roam.

When it comes to the search for your perfect Class B RV, you have options. What matters most is your comfort on the road to your destination – and every point in between. At Airstream, we believe in empowering our owners to travel farther, bigger, and better. That's why we include best-in-class features as standard in each hand-crafted touring coach. That belief is what drives our coaches to the top of the market year after year. Your perfect Class B awaits, and we thank you for considering an Airstream for your adventure vehicle.
