Sleeps: 4

**Trade Wind 25FB**  
GVWR: 7,600 lbs.  
Exterior Length: 26' 2"  
Sleeps: 5

# FLOORPLAN OVERVIEW

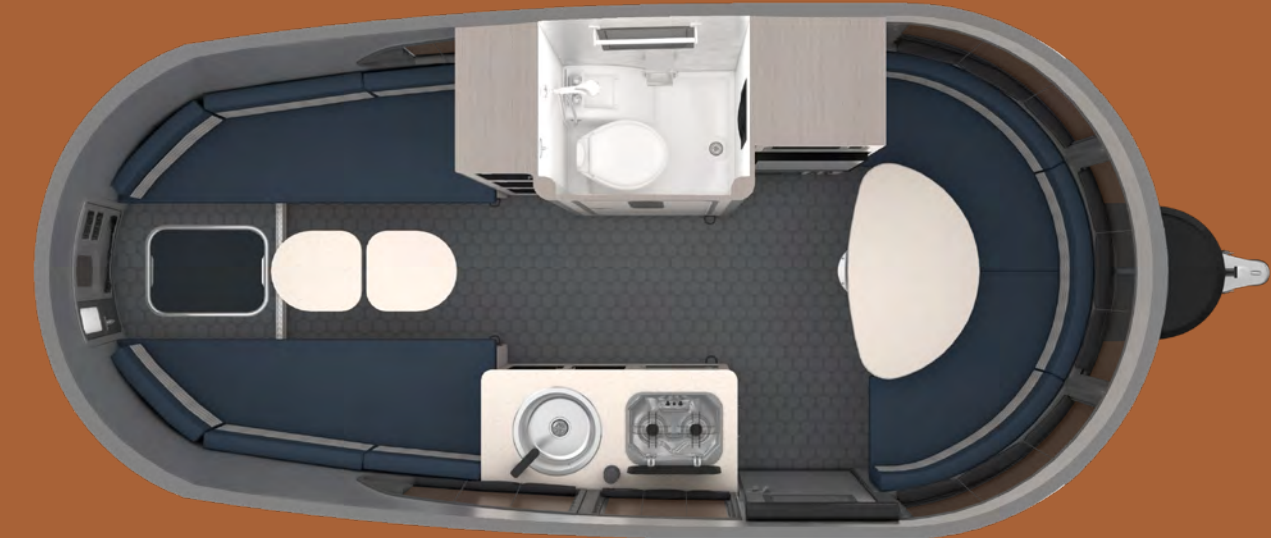

# BASECAMP 16X

## Optional X-Package

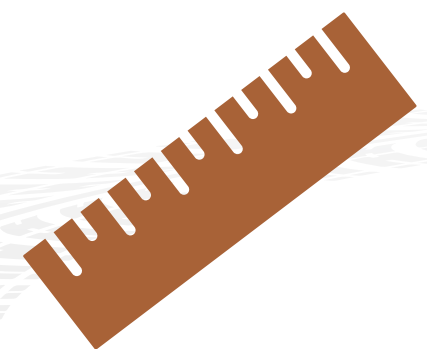

Includes a 3-inch lift, off road tires, black shadow wheels, as well as solar and rock guards

# BASECAMP 20X

## Easy Gear Loading:

The rear door is great for bringing along adventure gear, and a zippered screen lets you leave it open for taking in the views and enjoying the breezes.

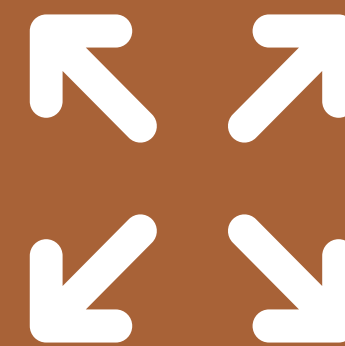

## Small Footprint:

At 16 feet, Basecamp 16X is perfect for tight backroads and small campsites.

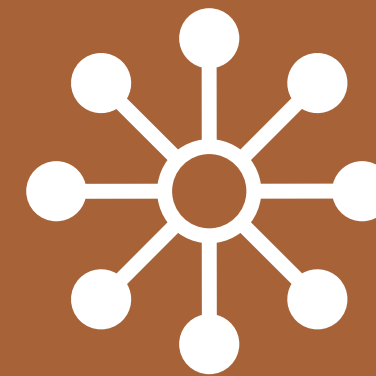

## Interior Features:

Includes a convertible rear space, a kitchen with a two-burner stove, and ample storage for adventure gear.

## Larger Floor Plan:

Bring along more gear – or the whole family – with plenty of interior space.

## Two Convertible Living Spaces:

Super versatile layout allows for a multitude of interior setups.

## Easy Towability:

Like its 16-foot sibling, Basecamp 20X is easily towable by many SUVs and mid-sized trucks – maybe even the vehicle you already have in your driveway.

# REI CO-OP SPECIAL EDITION BASECAMP

Available for a limited time

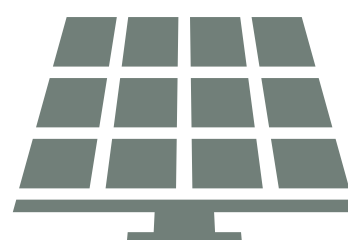

## Two Versatile Floor Plans:

Available in 16- and 20-foot models.

16X

20X

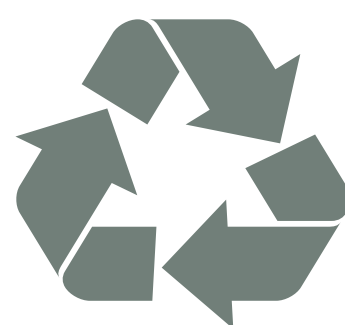

## Boondocking Ability:

Stay off grid longer with powerful solar options, heated lithium batteries, a recirculating water heater, and an optional composting toilet.

## X-Package for Off-Road Adventures:

In addition to an already aggressive departure angle that helps you navigate challenging terrain, the standard X-Package provides a 3-inch lift and off road tires, as well as solar and rock guards.

## Sustainable Design:

Includes post-consumer recycled material in the fabrics, laminates, cutting board sink cover, cabinets, and furniture.

# INTERSTATE 24X

## Add the Optional E1 Package:

Upgrade to a 12,100 Watt-hour lithium battery pack, 3,200-Watt inverter, and more for the perfect off-grid setup.

## Off-Pavement Capabilities:

All-terrain tires and protective coating on the bumpers, hood, and lower section let you tackle off-pavement challenges.

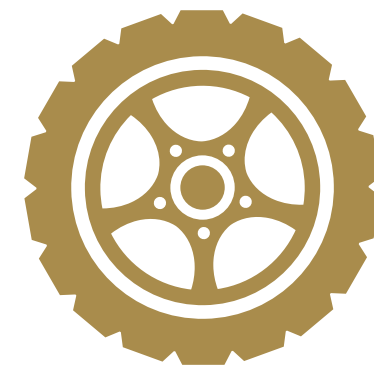

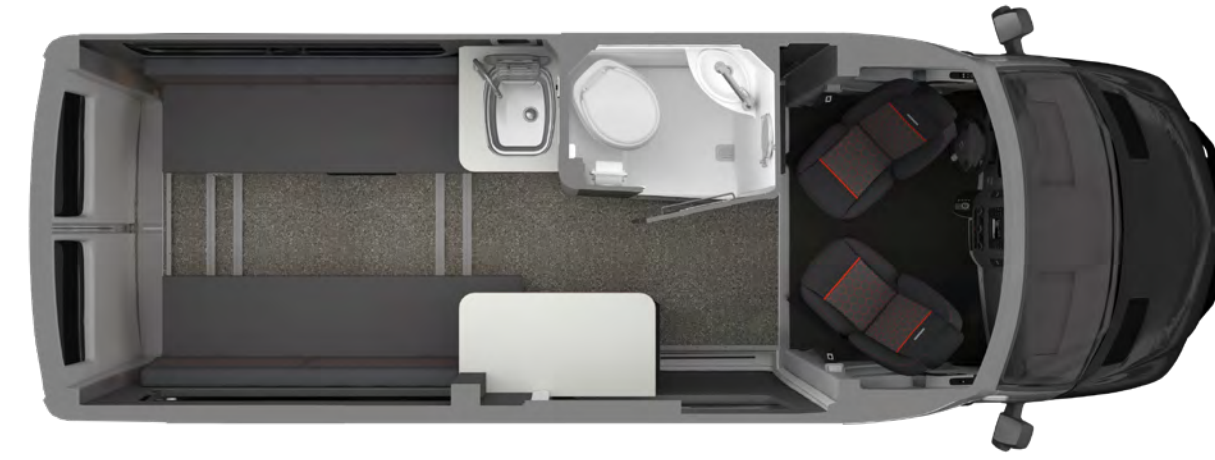

## Convertibility:

A newly designed bed system lets you quickly convert from sleeping space to gear storage or a seating area.

# INTERSTATE 19X

## Off-Pavement Capabilities:

Shares features like durable exterior coatings and all-terrain tires with the Interstate 24X.

## Small Stature:

Nimble and maneuverable, Interstate 19X can tackle gravel roads or grocery store parking lots with ease. It even fits in most standard parking spaces.

## Interior Comfort:

Provides a luxurious interior with practical storage solutions in a size that's perfect for the adventurous couple or solo trips.

# TRADE WIND

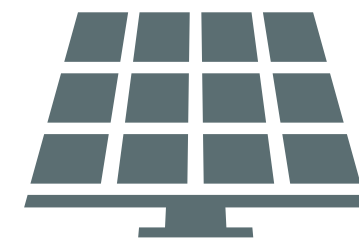

23FB

25FB

## Boondocking Ability

An 810Ah battery pack, 3,000-Watt inverter, and up to 600 Watts of roof-mounted solar enable effortless off-grid travel in this fully inverted travel trailer.

## Higher Ground Clearance:

Equipped with a 3-inch lift and off-road tires for navigating challenging terrain.

## Optional Rear Hatch:

Equip the Trade Wind 25FB with this popular optional feature and enjoy easy gear and luggage loading or al fresco dining behind its convenient pull-down screen.
